Yves-François Le Coadic

Personal Information

Born October 12, 1942, Yves-François Le Coadic was educated at the Lycée Jules Simon de Vannes. In 1964 he obtained an engineering degree from the ENS Chimie de Rennes. Enabling it after a DEA in solid state physics, CEA prepare a doctorate in engineering in the laboratory of Professor Néel, Nobel Prize in Physics. In favor of a stay in Canada, he is interested in political science and the scientific information. Back in France, he is a PhD candidate in State "The structure and dynamics of scientific information systems" under the direction of professors and Escarpit Dubois. After a research stay in the U.S., he set up from 1982 to 1993, within the Ministry of Education and the Ministry of Research, various research programs in information science. It is since 1987 professor of information science at the Conservatoire National des Arts et Métiers (CNAM) in Paris.

Educational Information

- 2008 to present: Honorary Professor of Information Science at the Conservatoire National des Arts et Métiers (CNAM) Secretary Section Science, History of Science and Technology and Industrial Archaeology Committee of Historical and Scientific Works (CTHS) of the School Charters (http://cths.fr/).
- 1987 to present: Professor of Information Science, CNAM, Paris, and lecturer at the Universities of Paris I, Montpellier and Geneva
- 1989 to 1993 : Counsellor, Ministry of Education, Mission museums (Remus program and summer school museum of science and technology)
- 1984 to 1985 : Director of Studies, European Institute of Information Management, Luxembourg.
- 1982 to 1989 : Project Manager, Ministry of Education, DBMIST (Parusi program and summer school information science). Expert for the Ministry of Education. Research Directorate, a group of engineering sciences and support program research information Parinfo, Ministry of Research).
- 1980 to 1982 : Lecturer cooperating Physical Chemistry, Ecole Normale Supérieure, Marrakech (Morocco).
- 1978 : Research assistant in information science (grant NATO), Case Western Reserve University, Cleveland, Ohio (USA).
- 1973 to 1980 : Assistant Professor of Physical Chemistry, University of Western Brittany, Brest.
- 1972 to 1973 : Chargé de mission training, University of Western Brittany, Brest.
- 1971 to 1972 : Research Associate, University of Grenoble, Irep.
- 1969 to 1971 : Director of University Research, Ministry of Education, Quebec (Canada) Research Assistant, University Laval, Quebec (Canada).
- 1968 to 1969 : Expert Technical Cooperation, Ministry of Health, Montreal (Canada).
- 1965 to 1968 : Fellow PhD, CEA, CEN Grenoble.
