

Michel Menou

Personal Information

Born in France, Michel Menou graduated from with a degree in Public Administration from the Institut d' Etudes Politiques, University of Paris. After a short period working in a bank, Menou left to work for the United Nations in the design of an international information network in housing, urban and regional planning. He then began consulting in the private and public sector on scientific and technical information systems. He continued to work mainly with the United Nations Educational, Scientific and Cultural Organization (UNESCO) and the Food and Agricultural Organization (FAO) of the United Nations. Since 1990, Menou has worked in information and communication technologies (ICT) and in knowledge management. A special area of interest has been to develop the possible contribution of ICT application to the uses of "underprivileged" communities.
